

SERVICE NEEDS
PHYSICAL THERAPIST (PT)

San Gabriel/Pomona Regional Center (SG/PRC) is accepting applications for the following Purchases of Services (POS):

Service Code / Type: Service Code 116 – Early Start Specialized Therapeutic Services (PT)

Reimbursement: Negotiated based on projected cost statement data up to the identified median rate for this service.

Location: Throughout SG/PRC catchment area

Service Description:

A regional center shall classify an individual as an Early Start Therapeutic Services – Physical Therapist (PT) provider if the person provides services for consumers aged birth to 36 months who require specialized services, as deemed necessary based on informed clinical opinion. These services must be identified in the Individualized Family Service Plan. Early Start specialized therapeutic services include, but are not limited to: services necessary to increase or maintain health and/or developmental progress; and, when provided as ancillary to these services, family and/or individual education and training; family support and counseling; provider travel; interagency consultation; and consultation with and training for other involved professionals. Vendors shall be individuals offering these services, and shall ensure possession of a license from the Physical Therapy Ex, certifications and/or credentials as required by the State of California to practice in the field being offered.

State and federal regulations require that these services must be provided in natural environments to the greatest extent possible.

General Requirements:

Applicant shall have at a minimum, one year’s experience working with pediatric population ages 0-3 years old and possess a current license from the Physical Therapy Examining Committee of the Medical Board of California.

Applicant must meet all applicable Title 17 regulations.

Interested Parties Shall Submit:

Letter of Interest
Resume/Vitae
Proof of insurance
Copy of current license
